Hi Carter,

This is Lora G. the student that was in your shop yesterday with my scuba instructor .... I wanted to tell you that we really enjoyed meeting you, the great customers service and care you put into to your work. When we left your shop we both talked about what a great shop you have and how you clearly have a passion for what you do and for helping people.

Thank you for your help. Look forward to hopefully diving .... in Malibu :)

Have a great day.

Lora

Carter,

I just wanted to thank you and your great staff of Dive instructors for a great Rugged O trip and experience. All of our boys made it back, both exhausted and thrilled. From helping to make sure all our troop had the certification prerequisites, to delivering a great camp experience, you and your team really delivered and did a great job...

Pls thank your entire staff on our behalf and I look forward to my son Aaron keeping in touch with you and your team for future dive adventures... Thank you again for a great professional job...

Barbara.

You were so gracious in sharing an unforgettable dive experience with me and Cooper- and I am still carrying around a thank you card, that should have been in your hands weeks ago.

Breathing underwater, thanks to your patient and understanding teaching approach, is among one of my most memorable life experiences. I am deeply appreciative that you shared your love for diving with me and Cooper. Thank you for sharing the underwater pics you snapped of us.

If I can ever be of help to you in the future, please do not hesitate. I have in the meantime become a mini ambassador for you :)

Thank you,

Grace

Dear Carter,

Thanks for the email. Oh my our son XXXX had SUCH A GREAT TIME scuba diving at Camp Emerald Bay. It was worth the time we spent going to the pediatrician and then the asthma doctor to get him cleared. He did not have any trouble at all. Next year he wants to come back to the week long program .... He is motivated to earn the money to do it! Thank you so very much. Please put XXX on your emails...his email is:

xxxxxxx

Thanks!

What a fantastic time.

Thank you for you kindness and generosity.

I am in, now is the when to do it part. I want to wait until my daughter is back and that is at the end of August. G\_\_\_\_ (to my surprise) did say she was interested in going further too. :)

We sure loved you.

Great meeting you y-day. I'm very excited about starting the classes. Tried all the stuff in my pool last night and it works great, especially the mask. Quality speaks for itself...Mikael B.

Jun 18, 2009 ... Snorkeling is supposed to be fun. But we don't always have a good time. It's not that the aquatic visions aren't AMAZING in Belize where we visit family annually. We thought we just had funny shaped faces that allowed water to leak into our masks...

Then we thought we'd look into getting our own masks. We bought some new ones somewhere like Sports Chalet. BAD IDEA. Leakage continued.

THEN we got smart. We went to Malibu Divers and waited a little bit to speak to an expert. He had us hold 10 masks to our face each and looked at the fit. Who knew you didn't need a mask to be pulled so tight it marks your face for hours and leaves you with a headache!

I can't wait to try these out this summer - and will update the review when I get back! Thanks Malibu Divers for spending so much time to help us newbies figure this stuff out!

**This is another example of the fabulous comments the Scuba team received from last week. As usual the Dive team is delivering stellar programming.**

I just wanted to thank you for all you did for my son Will R. and diving this summer at Emerald Bay Boy Scout camp. I haven't actually spoken to him but I heard that he is having a great time.

Thank you

Thanks again. I really feel like I've come home spending time at your shop. Maybe I just don't fit in with the Venice beach crowd that comes by \_\_\_\_ shop. There are some odd looking people whereas the vibe seems more normal beach at your shop to me.

BTW, I'm so glad I met you both. I actually feel more at home hanging out at Malibu Divers than I ever have elsewhere (well, except Maui Dreams in Kihei, Maui - I've very fond of them).

Thanks  
TG

(about our new Divemaster, Natalie...who is bicoastal commuting...and leading dives)

We dove Key Largo - great vz; gorgeous coral; lazy boat crews; they swear the wind and current are minimal; Natalie was awesome to get us set up and insure our comfort;; I'm so glad we met.

Many thanks for the positive review of *Island of the Great White Shark*. It's greatly appreciated. Great info in your email. Keep up the good work!

FYI: Look for a new expansion of Google Earth in the next few days (Google Ocean). Working with InMER.org, I contributed content for the Arctic Circle/Northwest Passage section.

Thank you so much for forwarding the photos. The underwater shots are amazing. The girls had a great time--I'll know they'll be interested in taking more classes.

I love the "dive buddy" shot of Julie (redhead) and my daughter Jessica (blonde).
