SCUBA REVIEW/TUNE-UP

Been away from Diving for a while? Feeling Rusty & Going on Vacation or a Trip?

We can fix that! We have a program just for you. Let Malibu Divers help you brush up on your diving skills and assess your equipment in just one session. The process is as easy as one, two, three.

One: Call, E-mail or In-Person, Sign-Up

The course can be run most any time day or evening. Just pick a day and give us a week's notice.

Two: Come by the shop, drop off your dive gear (if applicable) and get your training materials.

There is a brief, self-study workbook, you need to complete before your pool session.

Three: Join us at the shop on your scheduled day.

You will need to bring your snorkeling gear. If you need some equipment, we are happy to help you. We will make sure you have the best fitting gear available. Your instructor will review your home study material with you. Then, it is off to the pool.

ABOUT THE REVIEW PROGRAM

Get tuned-up in one session. Complete all your course work over a couple of hours at Malibu Divers. The refresher course helps certified divers update their dive knowledge and skills, especially after a period of diving inactivity.

Optionally, combine it with one or more supervised open water dives at Casino Point or on one of our boat trips; it will get you comfortably and confidently get back in the water. *Call for Price*
